Chicago, Aug. 24.—The scale committee of 15 members, appointed by representatives of three coal operators' associations and of the miners of their district with eight from each side, was in session today and decision as to a scale for the miners of the state was expected within a few days by those closely in touch with the committee.

It was learned today that the operators will offer the day men an increase of \$1.50 a day, making a daily wage of \$7.50 for eight hours. The men have demanded a \$2 increase.

E. C. Searles, secretary of the Illinois Coal Operators' association, said he believed an agreement would be reached since the operators were anxious to resume top speed production. There was the possibility of a disagreement over the imposition of a fine on miners who struck this summer without union authorization. London, Aug. 24.—Germany has shipped supplies and ammunition to soviet Russia, according to a correspondent of the London Times who insists that Leon Trotsky, Russian bolshevik minister of war, visited East Prussia, in spite of official denials.

"The retreat of the bolsheviks from the gates of Warsaw," says the correspondent, "may be explained by the fact that they lacked ammunition. Trotsky foresaw the need during the frantic effort to capture the Polish capital and made plans accordingly, but was too late. He crossed into Germany and reached an agreement with representatives of the German government to supply ammunition to the bolsheviks."

Paid for by Soviets. "The ammunition has been paid for, in part, out of the soviet 'jewel fund,' which includes the crown jewels. The second object of Trotsky's visit to East Prussia was to prevent munitions from reaching Poland, and to accomplish this object he employed Germans at Danzig with money from the same 'jewel fund.'"

COX STARTS ON SPEAKING TOUR

Leaves Dayton Tonight On Invasion of Four States, Whirling Up in New York.

Dayton, Ohio, Aug. 24.—(United Press)—Governor James M. Cox, holding the political spotlight because the Senate campaign fund expenditures committee has requested the evidence back of his charge that the Republicans are seeking a campaign "cheat" of \$15,000,000, will leave tonight on a whirlwind stump invasion of four states.

His tour will be from southeastern Indiana to the Atlantic coast with a visit to New York City Saturday as the climax of the week. After two speeches in Columbus, Ohio, next week, he will begin his big "swing around the circle."

The governor indicated that much of his information regarding the Republican campaign fund will be presented in detail during his speeches this week. He stated that he believed it to be his privilege, as a presidential candidate, to reveal the evidence asked by the committee as he saw fit.

In New York City Saturday Cox will confer with George White, chairman of the Democratic national committee, and other national leaders of his party. It is probable that plans to have White or some other campaign head formally present to the committee the detailed information which Cox claims to have will be made at that time.

Today the governor was busy on the five speeches of the week, which will be delivered at Princeton, Ind., Evansville, Pittsburgh, New Haven and New York. His schedule calls for leaving here at 11 o'clock tonight for Evansville, Ind., where he is to speak tomorrow night. On the way he will stop at Princeton, Ind., for a noon-day stump talk.

New York, Aug. 24.—(United Press)—The following speaking dates for Governor Cox's western tour were announced today by the Democratic national committee: Fargo, N. D., Sept. 7; Billings, Mont., Sept. 8; Butte and Helena, Mont., Sept. 9; Missoula, Mont., and Spokane, Wash., Sept. 10; Tacoma and Seattle, Wash., Sept. 11.

CLAYTON, ILL., MAN USES DEFENSE OF 'UNWRITTEN LAW'

Quincy, Ill., Aug. 24.—William Cole, 37, will claim the protection of the "unwritten law" for shooting to death his father-in-law, Andrew Phillips, an itinerant preacher, Monday evening at Clayton, Ill., a Quincy suburb.

Cole claims that his wife had complained to him about his father's conduct at various times, and that he had taken Phillips to task about it. Several days ago Mrs. Cole went to a camp meeting with her father, and Cole told her if she went she need not return. Monday evening she returned with her father for her trunk. Cole carried it out and placed it in the wagon, occupied by the father. He says he thought Phillips was attempting to draw a gun on him. He went into the house and securing a shotgun fired four shots at his father-in-law, three of them taking effect and killing him.

Cole was arrested shortly after the shooting and has been held to the grand jury without bail.

DENIED FREEDOM, CORK LORD MAYOR CONTINUES FAST

London, Aug. 24.—Lord Mayor Terrence MacSweney, of Cork, who has refused food since he was arrested in Cork on a charge of sedition 13 days ago, was reported in an extremely critical state this morning, although conscious. He is in Brixton jail here following conviction on the sedition charge. He reiterated today his determination not to take food until he is released.

MacSweney's condition is said to be such that he could not be removed even if the authorities authorized his immediate removal, but he stated that if a written order of release were given he would take food in prison until he was able to be removed.

At the home office this morning it was said that the decision that the government had not been altered and MacSweney would not be released.

'Twas Said: At the corner of a New York street a tall man stood with a map in his hand, at which he gazed with a puzzled air. A kindly passer-by tapped his shoulder and offered to direct him, upon which the man with the map smiled, showing several gold teeth as a result.

"I reckoned I'd figure it out 'turly well," he said, "with this little old map, but I seem kinder beat."

"Yes," said the other soothingly, "I dare say you'd have managed very well. But you're looking at a map of Chicago."

But you won't need a map when you're looking for good hardware—all roads lead to this store and whether your needs be large or small, you can save money on your purchases, receive courteous treatment and the quality of the goods can be depended upon—we guarantee that.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest and it should," said Eddie E. Hamilton, Portland, Me., as he began a remarkable story of the relief he had secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," he explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep the food down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad. I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and in ten days I am already feeling fine. I can eat anything and I am not troubled at all."

"I am completely rid of my stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by this wonderful medicine."

"The spirit of wanting to help others is what makes our business grow and we give these splendid public endorsements of Argo-Phosphate, a real health drug, because of Eddie's story."

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisilf coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Multisilf will make an abundance of rich creamy lather and cleanses the hair and scalp thoroughly. The latter rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisilf coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure your druggist gives you Multisilf.
